

Littleton Coronavirus Support Group

All 650 houses on Littleton have received a letter detailing how the support group works.

If you are over seventy, self-isolated or need help with food shopping, prescriptions etc, please contact the LINKER who is on duty

So far, we have forty HELPERS available for the duty LINKER to contact and secure their availability to help. The HELPER will then ring you, clarify your needs, agree a timescale and then complete the task. This system started on 21st March and the volume of requests for help is growing each day.

We are likely to be providing help for a protracted period and our need for more helpers will continue. If you feel that you can offer help, please ring Kate Chappell on 07717 804080. Kate is the leader of *Littleton covid-19 help* and is spearheading recruitment of volunteers.

Should there be any practical difficulty regarding making the system work, please contact Clive Thompsett 01962 885039 clive.thompsett@icloud.com
